## L0-3 Commercial & Revenue Management

### (L0-3 Value Stream)

**Value Stream:** L0-3 Commercial & Revenue Management  
**Process Owner:** Head of Leasing & Tenant Management  
**Governance Scope:** L0, L1, and L2 Processes (11-Phase Tenant Lifecycle)  
**Primary Systems:** SAP RE-FX, SAP CRM, SAP PM, SAP FI-AR, SAP DMS

---

## 1. Process Purpose & Value Proposition

The purpose of the **L0-3 Commercial & Revenue Management** Value Stream is to market assets, lease units, manage tenant relationships, execute accurate billing and timely collections, drive renewals, and optimize revenue. It ensures that every tenant interaction—from prospect qualification to lease renewal or exit—is handled professionally, efficiently, and in full compliance with RAM's commercial and operational standards.

### Core Objectives:

- **Tenant Acquisition:** Attract and qualify high-quality tenants aligned with asset strategy.
- **Revenue Assurance:** Maximize rental yield and minimize revenue leakage through accurate billing and proactive collections.
- **Operational Excellence:** Deliver seamless tenant onboarding, responsive maintenance, and effective complaint resolution.
- **Tenant Retention:** Proactively manage tenant satisfaction and relationship health to maximize lease renewals.
- **Asset Optimization:** Ensure smooth tenant transitions during move-ins and move-outs to minimize vacancy periods.

## 2. High-Level Process Architecture (The 11-Phase Tenant Lifecycle)

## Phase 1: Tenant Qualification & Approval

**Purpose:** To evaluate prospective tenants to ensure they meet commercial, financial, legal, and strategic requirements before lease negotiations.

- **Key Activities:** Inquiry registration, document collection, KYC verification, financial assessment, strategic/tenant mix assessment, and approval decision.
- **Major Documents:** Tenant Inquiry Form (RAM-FRM-TEN-001), KYC Verification Form (RAM-FRM-TEN-003), Tenant Evaluation Report (RAM-FRM-TEN-004).

## Phase 2: Tenant Contracting & Agreement Execution

**Purpose:** To negotiate lease terms, prepare, and execute lease agreements in compliance with RAM policies and legal requirements.

- **Key Activities:** Lease term negotiation, drafting lease agreements, legal review & compliance, internal approvals, signing, and SAP lease master data creation.
- **Major Documents:** Lease Agreement Template (RAM-FRM-TEN-006), Lease Execution Checklist (RAM-FRM-TEN-010), Lease Amendment Form (RAM-FRM-TEN-013).

## Phase 3: Tenant Orientation & Unit Handover

**Purpose:** To orient new tenants, provide essential information, and formally hand over the leased unit per RAM standards.

- **Key Activities:** Orientation planning, preparation of orientation materials, conducting orientation, joint condition inspection, and handover certificate signing.
- **Major Documents:** Orientation Plan (RAM-FRM-TEN-011), Joint Inspection Report (RAM-FRM-TEN-014), Handover Certificate (RAM-FRM-TEN-015).

## Phase 4: Tenant Move-In & Unit Activation

**Purpose:** To activate the leased unit, complete administrative and operational requirements, and formally welcome the tenant.

- **Key Activities:** Move-in planning, pre-move-in coordination, unit readiness verification, access setup (keys/cards), utility/IT activation, and move-in completion sign-off.
- **Major Documents:** Move-In Plan (RAM-FRM-TEN-018), Move-In Checklist (RAM-FRM-TEN-019), Unit Readiness Report (RAM-FRM-TEN-020), Access Card Register (RAM-FRM-TEN-021).

## Phase 5: Tenant Operations & Service Management

**Purpose:** To provide day-to-day tenant services, maintenance, and facility support, ensuring a safe and comfortable environment.

- **Key Activities:** Facility services, service request receipt, tracking & assignment, service execution, quality control, and tenant feedback capture.
- **Major Documents:** Service Request Form (RAM-FRM-TEN-025), Job Card / Work Report (RAM-FRM-TEN-027), Feedback Form (RAM-FRM-TEN-029).

## Phase 6: Rent Billing & Claims Process

**Purpose:** To accurately bill tenants for rent and recoverable charges (CAM, utilities, etc.) in compliance with lease agreements and regulations.

- **Key Activities:** Billing data preparation, invoice generation, review & validation, sending invoices, managing claims & adjustments, and billing period close.
- **Major Documents:** Rent Invoice (RAM-FRM-TEN-032), Adjustment Request Form (RAM-FRM-TEN-034), Billing Period Close Report (RAM-FRM-TEN-036).

## Phase 7: Lease Renewal & Extension Process

**Purpose:** To evaluate tenant renewal requests, negotiate terms, and execute lease renewals or extensions per RAM policies.

- **Key Activities:** Initiate renewal review, evaluate tenant performance, analyze market conditions, prepare renewal proposals, negotiate terms, and execute renewal.
- **Major Documents:** Renewal Notice (RAM-FRM-TEN-038), Renewal Proposal / Term Sheet (RAM-FRM-TEN-041), Negotiation Summary (RAM-FRM-TEN-042).

## Phase 8: Rent Collection & Receipt Management

**Purpose:** To collect rent and other charges from tenants, issue receipts, and manage payment allocations.

- **Key Activities:** Invoice generation, invoice delivery, payment receipt, payment verification & reconciliation, and deposit/bank reconciliation.
- **Major Documents:** Payment Receipt Log (RAM-FRM-TEN-048), Bank Reconciliation Statement (RAM-FRM-TEN-049), Payment Allocation Report (RAM-FRM-TEN-050).

## Phase 9: Rent Collection & Dispute Resolution

**Purpose:** To manage payment reminders, follow up on overdue accounts, and resolve tenant disputes efficiently.

- **Key Activities:** Generate payment reminders, receive payments, reconcile payments, follow-up on overdue accounts, issue notices of default, and dispute resolution.

- **Major Documents:** Payment Reminder Log (RAM-FRM-TEN-055), Notice of Default (RAM-FRM-TEN-059), Dispute Log (RAM-FRM-TEN-061).

## Phase 10: Tenant Accounting & Reporting

**Purpose:** To ensure accurate accounting and reporting of all tenant transactions for financial transparency and decision-making.

- **Key Activities:** Record tenant transactions, reconcile bank accounts, manage deposits, handle refunds/adjustments, prepare ledger, close period, and generate financial reports.
- **Major Documents:** Transaction Register (RAM-FRM-TEN-064), Bank Reconciliation Statement (RAM-FRM-TEN-065), Tenant Ledger Report (RAM-FRM-TEN-067), Audit & Compliance Report (RAM-FRM-TEN-072).

## Phase 11: Tenant Move-Out & Deposit Refund

**Purpose:** To manage tenant move-outs, conduct exit inspections, settle outstanding accounts, process deposit refunds, and close tenancy.

- **Key Activities:** Receive move-out notice, schedule exit inspection, conduct final inspection, prepare move-out statement, settle outstanding amounts, process deposit refund, and close tenancy.
- **Major Documents:** Move-Out Notice Register (RAM-FRM-TEN-073), Final Inspection Report (RAM-FRM-TEN-075), Move-Out Statement (RAM-FRM-TEN-076), Rent Refund Voucher (RAM-FRM-TEN-078).

## 5. Key Performance Indicators (KPIs) & Success Metrics

The following KPIs are used to measure the health of the L0-3 Commercial & Revenue Management process:

### Financial & Commercial

- **Occupancy Rate (%)** – The percentage of total rentable space that is leased.
- **Rent Collection Rate (%)** – Percentage of billed rent collected on time.
- **Revenue Leakage Rate (%)** – Percentage of revenue lost due to billing errors or uncollected charges.
- **Lease Renewal Rate (%)** – Percentage of expiring leases that are renewed.
- **Average Collection Period (Days)** – Days to collect outstanding receivables.

### Efficiency & Customer Satisfaction

- **Tenant Acquisition Cycle Time (Days)** – Days from inquiry to lease signing.
- **Lease Execution Cycle Time (Days)** – Days from proposal to signed contract.
- **Maintenance Response Time (Hours)** – Time to acknowledge and dispatch for service requests.
- **Complaint Resolution Time (Days)** – Time to resolve formal tenant complaints.
- **Tenant Satisfaction Score (%)** – Overall tenant satisfaction based on feedback forms and surveys.
- **Bad Debt Ratio (%)** – Percentage of rent written off versus total billed revenue.

## 6. Core Systems, Applications, and Data Flows

| System / Application                                 | Function within L0-3                                                                                              |
|------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>SAP Real Estate (RE-FX)</b>                       | Core system for lease administration, tenant master data, rent schedules, and billing conditions.                 |
| <b>SAP Customer Relationship Management (CRM)</b>    | Manages tenant inquiries, opportunity pipelines, complaint cases, and tenant interaction history.                 |
| <b>SAP Plant Maintenance (PM)</b>                    | Manages maintenance work orders, service requests, asset history, and job cards.                                  |
| <b>SAP Finance &amp; Accounts Receivable (FI-AR)</b> | Manages invoice generation, payment receipts, bank reconciliations, and tenant ledgers.                           |
| <b>SAP Document Management System (DMS)</b>          | Central storage for all L0-3 documents (Lease agreements, inspection reports, payment logs, move-out statements). |
| <b>SAP Business Intelligence / Analytics Cloud</b>   | Executive dashboards for occupancy, arrears, tenant satisfaction, and renewal metrics.                            |
| <b>Microsoft 365 / SharePoint</b>                    | Cross-functional collaboration for orientation planning, move-in checklists, and document sharing.                |
| <b>Access Control &amp; Utility Systems</b>          | Integrated systems for key management, parking allocation, and utility meter readings.                            |

## 7. Data Governance & Administration Notes

To ensure integrity in the L0-3 process, the following data and document rules must be adhered to:

1. **Document Control:** All forms (RAM-FRM-TEN-001 through TEN-082) are managed and stored in **SAP DMS** or **SharePoint** for full auditability.
2. **Retention Policy:** All executed lease agreements, inspection reports, billing records, and move-out settlements must be retained in **SAP DMS** for a minimum of **7 years** post-lease termination to align with legal retention requirements.
3. **Review Cycles:**
  - **Lease Renewal Reviews:** Initiated at least **180 days** before lease expiry.
  - **Outstanding Receivables:** Reviewed **weekly** to identify risk and manage collections.
  - **Tenant Satisfaction:** Assessed **quarterly** via feedback forms and operational reviews.
4. **Data Quality:**
  - **Master Data:** All new tenants must be created as Business Partners (BP) in **SAP RE-FX** before lease activation.

- **Meter Readings:** Utility consumption data for CAM recovery must be captured within **3 days** of billing cycle closure.
  - 5. **Confidentiality:** All lease terms, KYC documents, and legal dispute records must be restricted to the Leasing, Finance, and Legal departments.
- 

## 8. Execution Playbooks (Phases 1 to 11)

*(Summarized for brevity, retaining the exact structure of your L0-1/L0-2 manuals)*

## How to Deploy:

1. **SAP DMS Structure:** Create a folder in SAP DMS named **RAM\_L0-3\_Commercial\_Revenue**. Inside, create 11 subfolders (Phase 1 through Phase 11).
2. **Template Upload:** Create the master templates (.docx / .xlsx) for each of the 82 forms and upload them to their respective folders. Set Master copies to "Read-Only".
3. **Usage:** When a leasing officer starts a process, they copy the Master file, rename it with the unique ID (e.g., **RAM-FRM-TEN-032\_Unit\_102\_XYZ\_Corp\_Invoice.docx**), and fill it out.
4. **Integration:** Link the **SAP BI / Analytics Cloud** dashboards directly to the outputs of **Phase 6, 8, and 9** so that your Monthly KPI meeting (SOP) is data-driven and doesn't rely on manual reporting.

## How to Deploy These Registers in Your Environment:

1. **SharePoint Lists (Recommended):** Create these as SharePoint "Lists" rather than Excel files. This gives you real-time collaboration, version history, and the ability to use Power Automate to send email alerts (e.g., when a service request status changes to "Open").
2. **SAP Tables:** If your SAP instance is configured with Business Intelligence (BI) or Analytics Cloud, the data from your **Forms** should eventually populate these registers automatically. However, until that integration is built, **manual entry into these Excel/SharePoint Registers is mandatory** to keep your L0-3 governance running.
3. **Data Governance:** Assign a specific person (e.g., the Leasing Administrator or the Finance Admin) to be the **"Register Custodian"** who updates these master lists at the end of every business day.
